

USING AI-POWERED WASTE AUDITING TO IMPROVE SORTING AT SCHOOL

**Webinar
5/21/2026**

**11am to
noon pst**

Join the NCRA Schools Committee to explore AI-driven insights designed to enhance waste diversion and motivate increased action toward SB1383 compliance at your schools.

Hosted by Northern California Recycling Association.

Data helps measure what matters:
Simplify waste data collection to help quantify what's working or not working more quickly and accurately.

Engage the whole school:
Involving students and educators in understanding the data fosters ownership and long-term impact.

Speakers include:

Joshua Mastromatto
Rego Co-founder, CEO | TRUE Advisor

Nancy Deming
Sustainability Manager K-12
Custodial and Nutrition Services
Oakland Unified School District

Amanda Halte
RecycleSmart Sustainability Specialist
Middle & High Schools
